

Acknowledgments

The Toronto's Vital Signs® Report is a collaborative effort led by the Toronto Foundation. We thank George Brown College, our lead research partner, as well as 275 individual researchers, institutions, and organizations and more than 85 Vital Toronto Fund donors who support this aspect of our city building work. Our thanks is also extended to Community Foundations of Canada, who coordinate the national and international replication of Vital Signs.

In addition, the Toronto Foundation thanks all the individuals and organizations who provide information, statistics, and advice for the Toronto's Vital Signs® Report, including:
